REIMAGINE

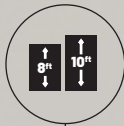

Recalibrate your perception of laminates with this catalogue as you journey beyond colours, textures and features, thus opening a world of possibilities. Discover why O2+ is **The Extra Ordinary Surface**, reconnecting you with cherished memories and experiences. It's time to reimagine personal expression and unleash your creativity.

USPs –

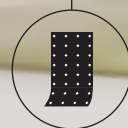

Unique. Significant. Practical.

Key features that make our laminates the essential choice for modern-day, high-usage spaces.

Always in Two Lengths

Always available in 8ft/2440mm and 10ft/3050mm - the latter for higher walls so there won't be joint lines.

Absolute Uniformity

Every sheet of laminate, in the same colour or texture, will present a consistently pleasing appearance and tactile experience.

*The objects in the visual are for illustration only.
The laminate pattern shown may not be to scale
when compared to an actual sheet.*

Zero Phenol

Formulated without phenol, our laminates emit lesser VOCs, making them the greener choice for safer indoor air quality.

Matching Edgebands

All laminates in the Super Solids collection come with edgebands of the same colour for that complete look.

Smart Surfaces

Supermatte for soft touch, scratch resistant for durability and fingerprint resistant for enduring beauty.

Curves, to Your Content

Effortlessly apply our laminates on curved surfaces, adding elegance and fluidity to your space.

ONE COLOUR, MANY TEXTURES.

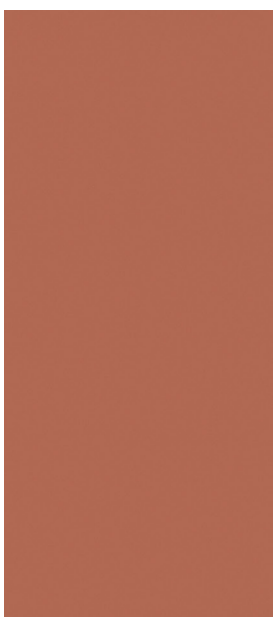

Unlock the versatility of solid colour laminates with our innovative approach, combining your chosen hue with distinctive patterns.

From characterful textures to eye-catching designs, each application adds depth, personality and dimension to your chosen colour. Perfectly suited for various themes, this concept empowers you to create cohesive yet dynamic spaces that showcases your unique vision.

ONE COLOUR. MANY TEXTURES.

Express yourself with Power Patterns textures, in your favourite Super Solids colour. Let your favourite hue infuse every surface with joy, warmth and life, creating a space that reflects who you are. Look for this icon (□) and uncover **“One Colour, Many Textures”** as you browse the catalogue.

Absolute Uniformity

Touch multiple laminate sheets of the same colour or texture and you'll experience consistency. This seamless sensation showcases our unique craftsmanship. Simply put: Our difference is that there isn't any difference.

SUPER SOLIDS

Super Solids is our collection of solid colour laminates. The “Super” factor lies in our Velvet, Stellar and Titan ranges, offering superior quality and remarkable consistency. Whether it’s creating elegant ambiances or ensuring practical durability, Super Solids transform interiors into stunning, functional spaces.

 Abrasion Resistance	 Scratch Resistance ●○	 Scratch Resistance ●●
		 Zero Bacteria Proliferation

The number of “●” indicates the strength of the property.

Matching Edgebands

Our matching edgebands for Super Solids and many Power Patterns laminates create a cohesive look and enhance visual appeal. They also protect against chipping and moisture, extending the lifespan of your surfaces.

Smart Surfaces

Our laminates are made to last, with scratch, fingerprint, chemical and bacterial resistance in select ranges. Enjoy their stunning colours, textures and soft-touch Supermatte surfaces for years to come.

Spot this symbol!

These colours also come in an array of vibrant textures from the **Power Patterns** collection (Pg 12 & 13).

POWER PATTERNS

Our Power Patterns collection sparks imagination and creativity, infusing interiors with playful and eye-catching textures. Perfect for adding a vibrant layer to designs, these laminates elevate ordinary spaces into lively environments. Transform your interiors with Power Patterns and watch as colours and textures bring your vision to life.

PRODUCT INFORMATION

O2+ LAMINATES

- All our laminates conform to EN438 standards
- Made in Italy
- High pressure Continuously Pressed Laminates
- Phenol-free for lower VOC emissions

Please email us at general@catalyste.co for more technical information or indent customised orders.

CARE GUIDE

FOR LIGHT STAINS:

- Use warm water and a clean, soft cloth.
- Add a mild cleaner or detergent if needed, then rinse with clean water.
- Dry the surface with a soft cloth.

FOR TOUGH STAINS:

- Use a small amount of thinner on a clean, soft cloth and gently remove the stain.
- Rinse the area with another damp cloth.
- Avoid using cleaners that contain acid, alkali, or bleach, as they may damage the laminate surface.

Scan to view our recommended care guide

GENERAL USE

O2+ laminates are perfect for decorative interior surfaces such as:

- Walls, ceilings and furniture
- Hotel and restaurant decor
- Drawer fronts, signs and shelves
- Counters, displays, doorframes and fittings

They can be easily cut, routed and drilled with carbide-tipped tools. For best results, ensure the surface is flat and tools are sharp during cutting and use weights if necessary to avoid tears.

TECHNICAL INFORMATION

DIMENSION:

± 0.7/0.8* mm thickness, 4.25ft by 8ft/10ft
(1300mm by 2440/3050mm)

*Applicable for Titan

CERTIFICATES

ENVIRONMENTALLY FRIENDLY – SINGAPORE GREEN LABEL

Certified with the Singapore Green Label for low emissions and low toxicity.

Product ID: 042-059-3665
Environmentally Preferred Surface Coverings

FIRE-RATED

Fire-rated as Class “0” based on BS476 Part 6 & 7 standards.

Certified by TÜV SÜD PSB

DISCLAIMER & WARRANTY

Catalogue samples may differ slightly from actual products. Variations can occur between batches. To ensure colour accuracy, request a sample before ordering.

Ensure that all products are thoroughly inspected before installation. We warrant to the original buyer that the products will be free from material defects as per ISO 4586 – Part 1 & 2 guidelines, under normal and intended use. This warranty is limited to the product's cost and is valid for 3 years from the date of purchase.

All O2+ laminates come with a *protective film to protect the surface of every sheet.

For full warranty terms and conditions, please visit our website.

*Except Terra
