

THE MAKER'S LAB

FLUX⁴

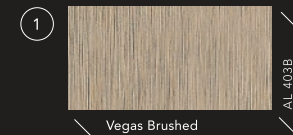

dekodur. DISTIL

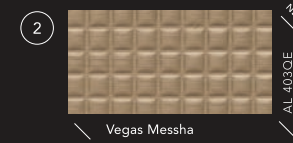

ART OF SUBTLE RADIANCE

Alternating panels sweep across the curved wall in a rhythmic composition, characterful indentations meeting smooth texture, defining a sense of balance and flow.

This interplay shapes a lobby of understated opulence, where every surface seems to hold traces of light.

Silver arcs rise with monumental clarity, framing views like sculpted gateways, while golden curves sweep through in fluid motion.

Across these forms, rays mingle with lustrous finishes, turning structures into spectacles.

MONUMENTS IN MOTION

GEOMETRY IN GLOW

Eye-catching ripples cascade overhead,
while faceted depths steady the walkway
with a sense of definition.

Light and texture frame the passage into
a striking corridor of metallic radiance.

TEXTURES IN CONVERSATION

Cool metal hues whisper cool clarity across the workspace, light gliding quietly over surfaces in quiet ripples.

Beyond, the reading room glows in golden warmth, soft radiance pooling in curves, inviting pause and reflection.

In harmony, they compose a dialogue of contrasts: light and shadow, shaping spaces that feel alive with subtle rhythm.

SEA, SIP & SPARKLE

This bar glows as sunlight bathes the walls and ceiling, turning them into liquid reflections.

Brightness and detail mingle like the perfect cocktail, raising a toast to design that's refreshing, like the ocean breeze.

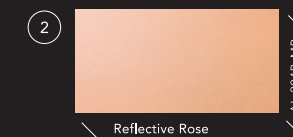

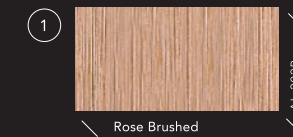

ARCHES OF ELEGANCE

Rose gold curves bring soft luminosity, modern yet infinitely timeless.

One surface shimmers in delicate glints; the other mirrors depth and motion.

Portals of metal and light, shaping a gallery of quiet brilliance.

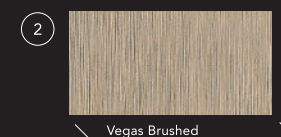

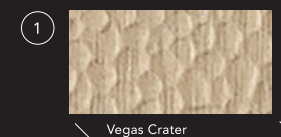

LUSTRE, CAST IN FORM

Golden tones define the space with a sculptural, contemporary presence.

The pillar and table stand as bold centrepieces, their surfaces creating tension, yet balance.

This interplay turns the space into a statement of quiet sophistication.

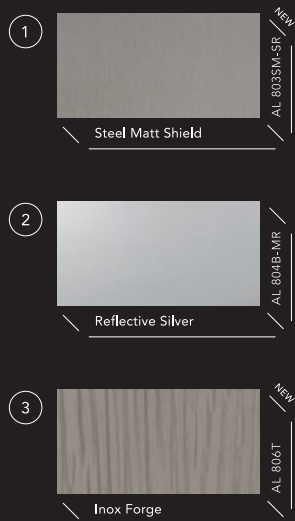

REFLECTIONS OF CRAFT

Steel anchors the space while silver channels light into fluid motion.

Subtle, crafted textures echo the precision of metalwork, free from the weight of industrial excess.

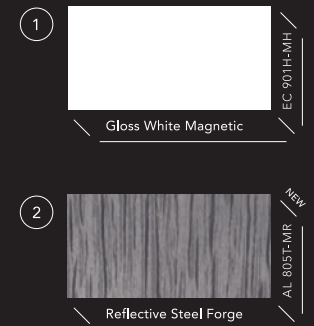

Together, they shape a kitchen defined by quiet radiance, clarity, and modern restraint.

IDEAS, TAKING SHAPE

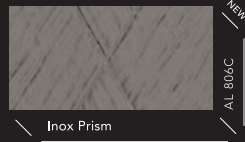

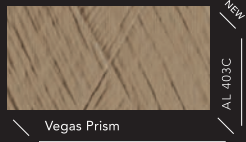

Writable surfaces invite ideas to flow, while reflective finishes anchor the pods in depth and clarity.

A workspace shaped through modern alchemy that's focused, adaptive, and elegantly functional.

PRODUCT PROPERTIES

Magnetic

The full metal core, an industry-leading feature, embedded within the laminate gives strong magnetic hold — perfect for functional, interactive spaces.

Writable

Whether gloss or matte, these laminates turn any surface into a canvas — perfect for writing, brainstorming, or sharing ideas. The matte finish* doubles as a projection screen, ideal for movies or presentations.

Paintable

Beyond its magnetic core, Raw Magnetic laminate's versatile surface supports paint, wallpaper, vinyl stickers, and other decorative materials up to 3mm thick. Enjoy creative freedom without compromising functionality.

*Enquire for availability.

CARE GUIDES

General Cleaning Tips

We recommend using warm, soapy water or mild household detergent and a soft cloth for cleaning.

For reflective laminates, we highly recommend using a soft, lint-free cloth.

Avoid using abrasive liquid cleaners, bleaching compounds or solvent-based solutions as these will damage the laminate surface.

Magnetic Laminates

Dry-safe whiteboard markers give the best results for writing and easy cleaning. For cleaning, melamine sponges offer the best results. If there are stubborn stains, use a damp melamine sponge.
